Leon-Paing

Yan Paing Phyoe

♂ 23   ⟨⟩ 2yr+

"A Frontend Developer skilled in **React.js**, **Next.js** and **Typescript** with experience of building real-time web apps using **Web Socket**, **Web RTC** Video Streaming and **Map Integration** with Leaflet. Bringing backend understanding and **AWS developer** knowledge to deliver scalable and high performance applications."

🎓 Bachelor of Computer Science (Qualified)

🔵 Experience 🔴

💼 **Freelance Frontend Developer**   (2022 Feb - 2023 Dec)

↳ Developed and maintained E commerce apps ensuring seamless UI and UX with well-optimized performance.

💼 **Junior-lead Frontend Developer**   (2023 Feb - Present)

📍 G-withus Co,Ltd (Korean-based)

↳ Lead 3 Juniors and developed a real-time flight management app ensuring stable performance and memory leaks well-optimized for 200 flights by receiving data from web sockets and Map Integration with Leaflet.

↳ Developed real-time video streaming from flight camera ensuring that the streaming latency is less than 1 second using Web RTC gateway and web sockets.

↳ Developed GCS(Ground Control Station) system from start to end that is capable of monitoring real-time location of planes, satellites, ships and cars with GPS integration such as Raspberry Pi.

Hard Skills

JavaScript   TypeScript   ⚙️ ReactJs   Ⓝ NextJs

🌬️ tailwindCss   aws Amazon Web Service   🐳 Docker

🔷 Figma

🌐 Language

🇦🇺 English (B2)

🇰🇷 Korean (Lvl 3)

🔍 Soft Skills 🎤

ⓘ Attention to Details

ⓘ Critical Thinking   ⓘ Active

ⓘ Problem Solving   ⓘ Positive

ⓘ Teamwork Collaboration
